EXECUTIVE COUNCIL

Roles and attributes :

The Executive Council is the executive direction and management body of the Centre. It answers to the Board, it :

- assembles the Medical Council as well as the Scientific Council;
- elaborates the annual plan of action and submits it to the Board
- is charged with putting into operation the plan approved by the Board
- manages the annual budget
- coordinates and animates the areas of care, research and training
- it coordinates the projects and actions
- covers the internal and external relations
- guarantees an equitable access to the research platforms dependant on the Centre
- guarantees the proper functioning of the dependent platforms. It has a "steering committee" role for these platforms
- it updates the unit lists and the collaborator members of the Centre

Composition :

- Eric Eeckhout, Care Coordinator – Cardiology Service
- Thierry Pedrazzini, Coordinator training - Medicine Department
- François Pralong, Coordinator research - Endocrinology, Diabeteology, Metabolism Service
- Salah Dine Qanadli, Care Coordinator – Radio Diagnostics Service and Interventional Radiology
- Yves Rossier, Manager – Strategy, Quality and Organisation Service
